

1 Hitachi ID Group Manager

**Managing the User Lifecycle
Across On-Premises and
Cloud-Hosted Applications**

Self service management of security group membership.

2 Animations illustrating the Group Manager UI

The following slides include ShockWave/Flash animations, that show users performing routine tasks with the Hitachi ID Group Manager user interface.

These slides are intended to illustrate the various processes exposed by Group Manager. It should be noted that the “look and feel” of the application is totally customizable, as are various aspects of its behaviour.

3 Windows access denied dialog leading to group membership request

Animation: ../pics/camtasia/shell-extension/A-Request-Folder.cam4

4 Authorization of a request for security group membership

Animation: ../pics/camtasia/shell-extension/B-Request-Approve.cam4

5 Request approved, user can access the folder

Animation: ../pics/camtasia/shell-extension/C-approved-open-file.cam4
