

1 Hitachi ID Privileged Access Manager

**Managing the User Lifecycle
Across On-Premises and
Cloud-Hosted Applications**

Securing access to administrator and service accounts.

2 Animations illustrating the Privileged Access Manager UI

The following slides include ShockWave/Flash animations, that show users performing routine tasks with the Hitachi ID Privileged Access Manager user interface.

These slides are intended to illustrate the various processes exposed by Privileged Access Manager. It should be noted that the “look and feel” of the application is totally customizable, as are various aspects of its behaviour.

3 System administrator connects to a privileged account

Animation: [../pics/camtasia/id-archive-52/05-acl-checkout-checkin.cam4](#)

4 Request one-time access

Animation: ../pics/camtasia/id-archive-52/request-password.cam4

5 Approve one-time access

Animation: ../pics/camtasia/id-archive-52/approve-request.cam4

6 Launch one-time session using a privileged account

Animation: ../pics/camtasia/id-archive-52/03-request-approve.cam4

7 Report on requests for privileged access

Animation: ../pics/camtasia/id-archive-52/06-admin-reports.cam4
